

I need scarcely say that it will give me great pleasure to accept the Honorary Freedom of the Musicians Company and I feel greatly complimented by the invitation. I have made a note of Tuesday 25th April and will attend at the time suggested

Yours faithfully

Dear Sir

I am very much honored by the Musicians Company's desire to confer on me the Honorary Freedom of the Company. I accept the distinction with very many thanks. I fear it will be impossible for me to be present at the Meeting on April 25th as I shall not be in England at that time if my present engagements are carried out

I am much obliged to you for your letter and shall be grateful if you will very kindly convey to the Master and the Company my deep sense of the honor they propose to confer on me

Believe me, Yours truly
Edward Elgar
