The Company's  
Accounts

Mr Hunter suggested that accounts for payment should be presented for the approval of the Court immediately after the reading and confirmation of the Minutes of the preceding Court as this would give the opportunity for Members of the Court to peruse the accounts before they were passed for payment as was often hurriedly done on account of pressure of business. The Treasurer stated that no account was presented for payment unless it had been thoroughly investigated by himself and the Clerk but after discussion it was resolved that the Clerk should lay the accounts on the table
