The Clerk's Account for the same year was also audited and compared with the Books and it appears that he has disbursed for the Company's use so much as with his Fees and Salary amount unto $34^{\text{r}} 4^{\text{s}} 5^{\text{d}}$ and that he has received the sum of $29^{\text{r}} 3^{\text{s}} 0^{\text{d}}$ making a Balance of $5^{\text{r}} 1^{\text{s}} 5^{\text{d}}$ due to him from the Company Which the Master this day paid to him

The Breadles' Account for the same year was also presented and audited by this Committee (including 10^{r} for Quarterage received by him of the Yeomanry of this Company to October last) And it thereby appears that a Balance of $0^{\text{r}} 2^{\text{s}} 6^{\text{d}}$ is due to him from the Company Which the Master this day paid him accordingly
