This Scheme is to be called "The Prendergast Apprenticeship Fund" founded in memory of A.H.D. Prendergast, Hon. Freeman of our Company, and the income of the sum of £500. (as the funds may permit) is to be applied to paying the premium for apprenticing one or more City of London choir-boys of a Parish Church of the Church of England, with the exception of St. Paul's Cathedral, to some trade connected with music.

The interest of the Fund may be allowed to accumulate for two years, if needs be, to pay a higher premium which may be demanded by some particular trade.

Failing the carrying out of this Scheme the income of this endowment is to be applied to another purpose, namely, to be presented annually to the Principal of the Royal Academy of Music to be devoted by him to assist some poor student in the study of music at his Institution
