

Treasurer's  
Account  
for 1913

The Treasurer presented his Account for 1913 a copy of which appears on the next page.

Programmes

He pointed out that the Company now held Stock on general account which had cost £2,000 and he again drew attention to what he considered the heavy expenses for printing and suggested that the Programmes at the Livery Dinner need not be so elaborately got up. It was pointed out by Sir Homewood Crawford and others that these Programmes were a special feature of the Company's gatherings and were very much appreciated and it was decided that they should be continued on the understanding that printing expenses were kept down as much as reasonably possible.

On the proposition of the Master seconded by the Senior Warden the Treasurer's Accounts were unanimously received and adopted and a hearty vote of thanks was accorded to him for his services.

Music for  
String Orchestras  
in Schools

The following report of the Committee as to Music for String Orchestras in Schools was read by its Chairman D<sup>r</sup> J. Lea Southgate.

I have to report that the Members of the Committee named by the Court to deal with the project of obtaining String concerted music, suitable for playing by School Orchestras, have met and discussed the conditions to be laid down.

These are embodied in the circular invitation now laid upon the Table, it was submitted to the Master before being issued.

Following upon this, the names of several Composers were considered as likely to provide music of the special type needed. The decision come to, was to invite the following three gentlemen to submit Suites for consideration: - M<sup>r</sup> J. C. Ames. M<sup>r</sup> F. Cunningham Woods

M. A. Mus. Bac, Oxon. M<sup>r</sup> Percy E. Fletcher.

All have accepted and agreed to the conditions. The MSS. are
