PROSPECT 5119

RECEIVED
16 FEB 1959

Dear Master:

I much hope there will be an opportunity of your assuring the members of the Court of the deep gratitude I feel to them, and especially to you as Master, for the signal honour of election as the John Collard Life Fellow of the Worshipful Company of Musicians.

In the face of such an undeserved award a man is excusably tongue-tied. I was too moved to do more than murmur my thanks. But I like to think you and the Court realised how touched and honoured I felt.
