

2, As regards Oct. 30th it is very
unfortunate but that date happens to clash
with one of my regular conducting engage-
-ments at Sadlers Wells. The programme
is one that only I know, and I feel
I should be letting the company down
if I were to get a deputy (even if
this were allowed which is improbable.)
It seems rather impertinent to suggest
altering a city dinner to suit the con-
-venience of one person but do you
think it would be possible to change
the date by one day?
